BTO WOOD FINISHING

Wood that transforms the space

For more than 45 years we have manufactured wood finishes for walls, ceilings and facades in Brazil. This lookbook shows every line we make today, with a photo of each model, the technical cross section of each profile, the key dimensions and the color palette.

Room photo	Profile cross section	Color palette
How each model looks installed.	The technical drawing with dimensions.	The colors we make, with real samples.

REVIEWS

What our clients say

Public Google reviews: 4.5 out of 5 stars.

★★★★★

"Excellent quality materials, imported raw materials, custom finishes tailored to each client, attentive and friendly professionals."

JONEY A.

★★★★★

"Excellence in service, delivery and quality. Yes, I recommend them. Trust is not bought, it is earned."

EURÍPEDES S.

★★★★★

"Very well served from the first contact to the installation. Top."

ANTONIO C.

★★★★★

"Excellence in quality, lead time and a reference in the industry."

MARIANA S.

★★★★★

"A serious, trustworthy company. Excellent service and products!"

DOUGLAS M.

★★★★★

"The products are high quality and high tech. Modern and perfect for people with refined taste."

ALFREDO E.

Teak Wood Line	Natural teak (Tekawood)	Indoor · covered outdoor · uncovered outdoor and facades
Solid Wood Slatted Panel	Solid Cumaru (Brazilian Teak), Tauari (Brazilian Oak) or Teak wood	Interior walls · exterior walls and facades in Cumaru (Brazilian Teak) or Teak · Tauari (Brazilian Oak) in covered outdoor areas
Boiserie	Adhesive film on the back, no drilling	

5-year warranty on all products · FSC-certified MDF

BTO | WOOD FINISHING

COLLECTION 01

Slatted Panels

Slatted panels in the traditional interlocking system: they arrive disassembled (slats + spacers) and you assemble them on the wall with double-sided tape and glue. Rhythm and depth for walls, TV panels and ceilings.

HOW IT WORKS

StickTech adhesive film

1

Peel the film

The StickTech adhesive film comes already applied to the back of the panel.

2

Place and press

Align the panel on the wall and press. No drilling, no mess.

3

Wall done

No slat-by-slat assembly: the panel comes ready.

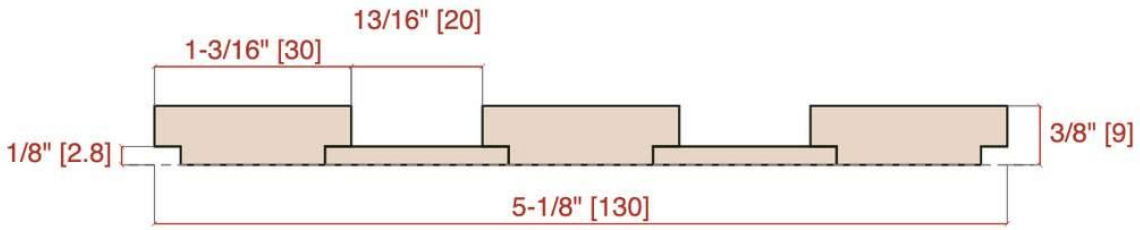

FASTENING	INSTALLATION	LINES
